“ I’ve got Up with People power infection. “

“ Should I go to the reunion or not? Now I know that I made a right decision.”

“ I felt like I was with my own cast members.”

“ I made a lot of friends.”

“ Like everybody said, you can’t digest what you’ve experienced while you’re traveling. But I think ... now is the time you can start digesting. You chew it, and you swallow it. I’m feeling the energy to create new things are up.”

WE ARE JAC !
